MEMORANDUM FOR: Chairman, National Intelligence Council

FROM :
Assistant NIO for Warning

SUBJECT : Monthly Warning Meeting Participation

1. At a recent meeting I had with Dr. Richard Beal, he asked about the Monthly Warning Meeting process. I explained the process briefly. Then Dr. Beal said that he had participated in a Western Europe meeting recently and was surprised by the lack of appreciation of actions by our government. The participants seemed to be getting their information from the press and it was mostly wrong on the subject of U.S.-France dialogue about Chad.

2. Dr. Beal felt that some feedback from the NSC Staff-level would be beneficial to provide a better focus. He asked whether he or his representative could be invited to the meetings on a regular basis.

3. I believe that decision-making feedback is often lacking in intelligence analysis and that Dr. Beal's participation would be helpful to the NSC Staff, as well as the Intelligence Community. Recommend your guidance to NIO's that Dr. Beal be invited to participate in Monthly Warning Meetings.
